Dear Governor and Lt. Governor,

Throughout human history, there are times when God providentially raises up men and women to lead through the unique challenges of the day and hour in which they live.

It has become apparent to many of us that Governor DeSantis, you are such a man, and Lt Gov. Jeanette Nunez, you are such a woman. Both of you are uniquely called to lead for such a time as this.

Governor, from the moment after you were sworn in, you have been a cyclone of focused leadership addressing our state's most severe problems and challenges.

I remember listening to these words distinctly while watching your inauguration. You pledged:

"I will not be a rudderless vessel in this endeavor; my compass will be the principles reflected in the constitutional oath I have just taken, and for which Americans have given their lives: that our rights are endowed by God, not government;"

You have proven that, unlike many other politicians, you are not a rudderless vessel. Instead, you have proven that you are a statesman, committed to the principles found in the constitution and to the ideas that now make Florida the greatest state in the union and which also made America the greatest nation on the face of the earth.

It is very rare to find men and women in public life who have both solid and unwavering convictions but who also have the wisdom, temperance, and restraint to know what words to speak and how and when to speak them.

Usually, you often hear people say how proud they are to be an American. For the first time in my life, I hear people saying how proud they are to be a Floridian--- more than I hear them say they are proud to be an American.

We are incredibly blessed to live in Florida for many reasons. One of the major reasons is because of the bold, principled, and courageous leadership found in our Executive Branch of Government led by you both.

Governor DeSantis you are a political force of nature that God has used at a critical time in our nation's history. The DeSantis – Nunez administration has shown remarkable courage and commitment to protecting our faith, our children, and our liberties.-- earning you our wholehearted support.

Because of this, we are giving you the formal endorsement of Florida Family Action.

Thank you for your service to the great state of Florida.

Sincerely,

John Stemberger
